for his own cause -
in these premises -
The mill as women pro-
-test against this "Compli-
cated Injustice" of being
forced without Representation
Pray come! let us have
our Goliath on our plate
form - So many of the
dear old 35 veterans in
the camp of Justice to the
Slave, have gone from
this scene of action, I look
in vain for the Man
of "wise and good intent"
who will come up to the
rescue of women perishing
for Freedom - but to
believe all things, is to do
all things. For -
Right is right, if God is God;
and right the day must win;
No doubt would be disloyalty,
No falter would be sin
